## PET FOSTER PARENTS NEEDED

- Foster families keep the pet in their home and love them as their own until adopted
- Most foster pets are adopted quickly if you update their profiles and bring them to adoption events
- There is a database that posts to over 70 websites
- There are regular adoption events in different locations
- You can drop off and pick up your pet from events (you don't have to stay)
- You can arrange a ride for your pet to events or vet visits if necessary
- Food and supplies can be provided to you and no cost if needed
- If you have vacation or other away time scheduled, one of the other pet parents usually can care for the pet (with advance notice)
- There is a coordinator you can contact, Facebook page and group chat for support.
- Sometimes we need temp or vacation fosters as well as long term
- If you can't foster, we need event attendants, drivers, and volunteers for events and during the week.
- Apply to foster or volunteer online at [www.soca-fbc.org](http://www.soca-fbc.org)
- If you can't foster or volunteer, consider a monthly donation of \$10 or more.
